

Notice re Free Bowl of Soup

Shortly after crossing the starting line, Free Bowl of Soup hailed the race committee to report that she was returning to port with a rig failure (disconnected D2 shroud). She advised that she was heading to Sausalito for repairs.

The DRO advised her that, should she be able to, she would be eligible to restart. At approximately 3:22 PM PDT, Free Bowl of Soup restarted crossing an extension of the original start line (pin no longer in position) as instructed by the DRO.

Respectfully submitted

Michael Moradzadeh

Deputy Race Officer
